As per RBI Master Direction-(Transfer of Loan Exposures) Directions, 2021 SR investments more than 8 years have to be classified as Loss assets - Non Performing Investments(NPI). As per RBI Direction on Financial Statements - presentation and disclosure (30.8.2021) depreciation on investments have to be classified under other income. During the March quarter, we have reversed Rs. 157 Crores of provision for such SR investments made earlier resulting in increase in other income and reclassified the same amount as provision for NPI under provisions. However, there is no impact on net profit.
